DJ Greg Leigh

Type of Music

R&B, Hip-Hop, Electro, UK Garage, Funk, Club Classics, Funky House, Other

Description

Starting way back in '95, Greg Leigh quickly established himself on the club scene. By 2000 he held 2 residencies over in Greece and by the end of the year was also playing on Londons Delight FM. Over the next two years he held residencies for Twice as Nice and Exposure before taking a step back from the increasingly volatile garage scene.

Over the last few years his musical tastes have broadened drastically and you will find him playing anything from Hiphop, to Electro House, to Old skool Funk depending on where you catch him spinnin'. As well as regularly playing in some of the hotspots of Europe he also plays to Londons elite on a frequent basis.

The past couple of years has seen him entertain countless high profile clients including Girls aloud, Mischa Barton, George Benson and Jade Jagger. After his recent stint as resident dj for Sintillate out in Marbella he's now back in the UK and working hard on the London scene again. The next few months will see the release of some collaborations with some other highly respected DJ's and artists on the circuit so watch this space!
